NATIONAL SEMINAR**

**HIGHER EDUCATION IN INDIA:
CHALLENGES AND PROMISES**

**NOVEMBER 16, 2018
HINDI SEMINAR HALL**

Sponsored by
**THE DIRECTORATE OF COLLEGIATE EDUCATION
GOVERNMENT OF KERALA**

Dear Sir/Madam

The diverse and heterogeneous society of the new millennium is characterised by a set of internal crisis. These crises gives birth to new systems of adaptation and sustenance. The result is the emergence of new forms of knowledge and symbolization that qualitatively impregnate all basic aspects of a society. The major challenge facing a knowledge society is the generation of collective intelligence and the balancing of collective intelligence with individual intelligence. There are also questions about the outputs of educational system viz new stakeholder claims and anticipations in the larger society. Education and the ideals it embodied aspired to create a perfect citizenry. Later, the objective shifted to ensuring that, citizens were well-trained. Today, the ideal is creativity; the capacity to learn and a lifelong willingness to face new challenges.

In India, education has been understood as a preparation for life, as personal realisation, and as an essential element in progress and social change, in accordance with changing needs of the country. With the development of the country, the educational system also needs to be tuned to face the national challenges. The billion-dollar question here is how to modify the higher educational system in India to suit the demands of modernity without wounding its individualistic and traditional values.

In this background the Internal Quality Assurance Cell, Government Brennen College, Thalasseri organizes a national conference on the theme **Higher Education in India: Challenges and Promises** on November 16, 2018. We hope to provide a venue for deep debates on the above-mentioned issues pertaining in the higher education scenario in India. It is our pleasure to invite your esteemed presence and scholarly contributions for the success of the seminar.

Looking forward for your support

Prof. N.L.BEENA
Principal

UNNIKRISHNAN.K.V
Coordinator

Programme

Inaugural Ceremony 9.30 am-10.00am

Welcome : **Dr.Sabu Thomas**

Vote Of Thanks : **Kum. Lakshmi Mohan**

3.00pm to 4.30pm Technical Session 4

Technology for Classroom

Presentation : **Dr. Sunil T T**

Vote Of Thanks : **Unnikrishnan.K.V**

Dr. Sudhir Singh

Dr. Sudhir Singh is a member of the NAAC peer team since 2015. He is a member of the governing society, Indian Institute of Mass Communication, Government of India. He occupies important positions as Director, Society for Social Empowerment New Delhi, Editor, Politico Journal, New Delhi, etc. He has completed his Ph.D. from Jawaharlal Nehru University, New Delhi. Presently he is teaching at University of Delhi

He has teaching and research experience of more than one decade. He has contributed enormously on diverse issues of Asia-Pacific in general and South Asia in particular. He has authored 19 books, contributed 30 chapters in different books and 33 articles in both national and international Journal. Dr. Singh is a regular panelist on Television Channels on diverse issues of foreign policy and governance. He has presented 95 International seminars and 130 National Seminar papers and delivered over 100 invited lectures across the country as well as abroad. He has visited 10 countries for academic purposes.

Dr. Amruth G Kumar

Dr. Amruth G Kumar is an Associate Professor and Head of the Department of Education, Central University of Kerala, Kasaragod. He has published four books. His latest book entitled "Information skills of students pursuing higher education in India" was published by Cambridge. Dr Amruth is currently the Director to Pandit Madan Mohan Malavia National Mission Project on Teachers and Teaching with an outlay of 12.5 crores fund. He has several research papers in his credit in National and International journals.

His scholarly interest includes critical theory in education, Neoliberal policies in education and policy analysis. Dr. Amruth critically probes in to the influences of neoliberal policies in shaping the psyche of stakeholders of education. Looking into the ramifications of neoliberal juggernaut, Dr Amruth attempts to build up a broad framework for pedagogic interference to empower the teachers and students. He was awarded the certificate of merit for teaching, based on the student assessment for five times consecutively at Pondicherry Central University.

Dr. Sunil T T

Dr. Sunil T T is the Principal, IHRD College of Engineering, Attingal, Trivandrum. He did his PhD in Applied Machine Learning from IIT Bombay. His current research areas include social impact of technology, applied machine learning in VR technologies and impact of technology in higher education. He is a licensed ham radio operator and a free software advocate. In his spare time he tinkers with new and emerging technologies.
